President's Message

Welcome back. It seems like it was just June and the school year was ending. Summer always seems to fly by so fast. The start of the school year brings many new things: students, staff, procedures, contract, APPR, 105 Plan, union affiliation change (NEA merged with NYSUT), and for me another school photo ID that looks nothing like me.

During the summer the WTA created three goals to guide our association for the 2006-2007 school year. These goals which were approved by rep council during the September meeting are to:

1. Promote and maintain communication between

building reps and principals.

2. Develop a WTA system enabling us to be more proactive at approaching potential issues.
3. Develop and train WTA leadership.

Regarding the 2006-2011 WTA contract and APPR documents; there were enough copies printed for each member to have one, but if you have not yet gotten your copy from your building's main office and there are no more left, please let your building rep know. During the month of September there will be training sessions/meetings for the APPR and the contract/105 plan. There were 2 emails

sent out by Mark Callahan during the first week of school containing important information, applications, and other forms for both the FSA and the new 105 Plan. If you accidentally deleted these emails before printing the various forms, copies will be made available during the 105 Plan training session(s). Please note that for teachers hired before June 30, 2006, who qualify for the 105 Plan, you must fill out the 105 Plan application in order to start submitting claims.

Have a great start to the school year,

Jason Carter

Supplemental Benefits Committee

Committee members are Jason Carter, Nancy Domm or Kim Northrup. FYI - Judy Marion at DO processes the supplemental benefits forms and can address those type of questions.

We need you! WTA has several committees that benefit you and our community. These good works only happen when you make it happen. Please see your building rep to volunteer!

2006-07 Dues

The good news is that WTA is keeping the local costs of conducting business down while fully supporting you at the same

time! There were no increases in the local portion of your dues. We also no longer pay out a political action or scholarship amount. Increases are due solely to the state and national level portion of our dues. This year's dues are set at:

Full time dues = \$607

Part time dues = \$400

For a complete breakdown or specific questions about the WTA budget, feel free to contact your building rep!
